Features & Benefits

- **Enhanced classroom safety:** The securely moulded blue frame cannot be readily removed, preventing student access to the internal metal plate and reducing the risk of the plate being removed and misused.
- Permanently enclosed construction provides an important safety advantage over whiteboard tablets with removable or easily separated edging.
- Double-sided magnetic surfaces support repeated classroom writing and interactive learning.
- A4 and A3 size options suit individual, paired and group activities.
- Plain, lined, Dotted Thirds, Clock and Ground Grass Sky formats support varied literacy and numeracy tasks.
- Durable moulded frames provide grip and protect the tablet during regular classroom handling.
- Magnetic surfaces are compatible with letters, numbers and other magnetic learning resources.
- Wipe-clean surfaces support repeated use with standard dry erase markers.
- Lightweight handheld design supports flexible learning environments.
- A4 Pack of 25 includes 25 black low-odour markers with integrated erasers and magnetic holders.

Sales Summary

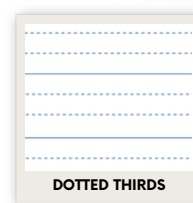

Creative Kids Magnetic Whiteboard Tablets combine reusable magnetic learning surfaces with a securely moulded frame that prevents access to the internal metal plate, providing an important safety advantage for school environments.
