

## PowerPointer Presentation Remote

Part Number: K75241WW | UPC Code: 085896752417

Now everyone in the room and on the call can see the pointer, exactly as intended.

The PowerPoint Presentation Remote with virtual laser pointer is perfect for online meetings using PowerPoint presentations. There is no need to install any software to use features such as virtual laser pointer, marker pen, and black/white screen modes, as they are already built into Microsoft® PowerPoint®.

Features include:

- PowerPoint® integration for Windows® and macOS® (Adapter required for use with USB-C ports. Not included.)
- Virtual laser point and pen visibility when running PowerPoint, even when presenting via web conferencing
- Intuitive controls
- No software required
- 15 meter (49 feet) operating range
- Micro USB rechargeable

The Professionals' Choice™

## PowerPointer Presentation Remote

Part Number: K75241WW | UPC Code: 085896752417

### PowerPoint® integration for Windows® and macOS®

Uses presenter features already built into PowerPoint, such as a digital laser pointer and pen. Compatible with PowerPoint 2010 or later on Windows and PowerPoint version 16.09 or later on macOS. \*Adapter required for use with USB-C ports. Not included.

### Virtual Laser Pointer and Pen Visibility

Can be seen on multiple presentation screens simultaneously. It's the ideal presentation tool for conference rooms and auditoriums with more than one display screen, or online meetings with remote audiences using web meeting tools such as WebEx®, GoToMeeting®, Skype™, and join.me®.

### Intuitive Controls

Larger concave forward button and smaller convex back button are positioned next to each other as you would expect to find on a keyboard, ensuring buttons are easy to find simply by touch, even in a dark auditorium.

### No Software Required

USB 3.0/2.0 plug-and-play simplicity and ease. No downloads, installation, updates, or administrator rights/access required.

### 15 Meter (49 Feet) Operating Range

Wireless receiver fits any USB 3.0/2.0 port and provides up to 15 meters (49 feet) of operating range, so you can wander the room, stage, or auditorium. Includes AES 128 encryption. For optimal wireless range, plug receiver directly into host presentation device (e.g. laptop, desktop PC).

### Micro USB Rechargeable

Never have to buy another battery. Just recharge and go. LED power level indicators let you know when it's time to recharge.
