LX9 Glassboard™ with Slim Edge Frame

Seamless, flush-to-wall Glassboards™ designed to support clean, integrated communication in healthcare environments. LX9 installs neatly alongside wall linings and acoustic panels, creating a continuous, easy-to-clean surface ideal for nurse stations and staff coordination areas. The non-porous glass surface supports hygienic environments and frequent cleaning.

25 YEAR

Why LX9 Glassboards™

Clean wall integration
Flush-to-wall design helps reduce gaps where dust and bacteria can collect

Built for clinical cleaning
Non-porous glass surface handles frequent cleaning

Clear team communication
Large, uninterrupted writing area keeps information visible

Long-term performance
25-year surface warranty. Wipes clean for life.

Update Information Without Replacing the Board

Slide in any new background

Write on the Glassboard™

Write on the Glassboard™ surface with any Glassboard™ or dry erase marker.

Simply wipe off

Writing wipes off easily with no ghosting, leaving the graphics untouched.

Print a new background

Simply print your own sign or graphic on paper and slide it under the frame.

Space Mobile Double-Sided Glassboard™

Flexible mobile Glassboards™ for communication wherever it's needed. Space Mobile provides a double-sided writing surface that can be easily moved between rooms, ideal for team discussions, ward rounds and training environments. The non-porous glass surface supports hygienic environments and frequent cleaning.

25 YEAR

Why Space Mobile Glassboards™

Move communication anywhere
Easily reposition between rooms and teams

Double-sided writing space
More room for notes, plans and collaboration

Built for clinical environments
Durable glass surface supports frequent cleaning

Stable and secure
Heavy-duty industrial lockable castors for controlled movement
