Features & Benefits

- Smooth Autex Vertiface Velour provides a durable pin-receptive surface for frequent use.
- Velcro® receptive fabric supports regular content changes without relying solely on pins.
- Non-allergenic, recyclable surface material supports use in education and professional environments.
- Aluminium frame provides strength and a clean, professional appearance.
- Portrait or landscape mounting supports flexible installation.
- Wide range of Autex colour options supports coordinated interior schemes.
- Custom sizes are available for project-specific requirements.
- Manufactured in Australia.
- Contains BIOBOARD core made from recovered and renewable fibre.

Sales Summary

An Australian-made Velour pinboard with aluminium frame, Velcro® receptive surface and BIOBOARD core, offering flexible colour and size options for offices, classrooms and collaborative environments.
