Features & Benefits

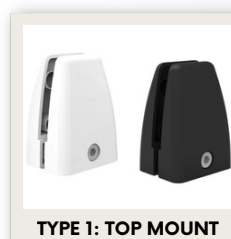

- Four mounting configurations support varied desk screen installation requirements.
- Compatible with both 12mm and 24mm PET acoustic panels.
- Types 1-3 provide secure screw-fixed mounting for permanent workstation setups.
- Type 4 provides screw-free, damage-free clamp-on mounting.
- Type 4 can be removed and repositioned for flexible workspace configurations.
- Cable clearances support organised cord management around desk screens.
- Matte Black and Matte White finishes suit contemporary office and education interiors.
- Type 3 is suitable for positioning screens between back-to-back desks.
- Type 4 is suitable for hot desks, shared offices, training rooms and temporary setups.

Sales Summary

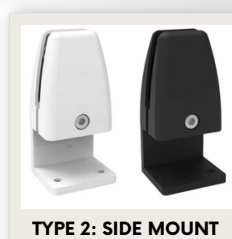

SANA Desk Screen Mounting Clamps provide fixed and flexible mounting solutions for 12mm and 24mm PET screens, with four clamp types, cable-friendly clearances and matte black or white finishes.
