Features & Benefits

- Dual-height design provides acoustic and visual privacy both above and below the desktop.
- Acoustic PET construction helps reduce ambient noise and distractions in shared environments.
- Pinnable surface supports notes, signage and personalisation.
- Available in 12mm and 24mm thicknesses for varied acoustic requirements.
- Four width options and two total height options support a broad range of workstation configurations.
- Type 4 Dual Mount clamps provide secure desk-mounted installation.
- Two clamps are required per screen and are available in Matte Black or Matte White.
- Frameless construction provides a clean, contemporary appearance.
- Contains 60% recycled PET material and is 100% recyclable.
- Manufactured in Australia.

Sales Summary

Australian-made SANA Altitude Dual screens combine recycled PET acoustic performance, pinnable functionality and above-and-below desk coverage to improve privacy, focus and sound control in shared workspaces.
